WEBSTER SCHOOL DISTRICT.

This notice has been received from the Department of Public Instruction:

"It has been the custom of this Department in previous years to notify school boards and superintendents on or about February 1, of the amount of money required by law for schools, and the amount to raise entitling districts to state aid.

There is a bill at the present time before the Committee on Education in the House of Representatives which reorganizes the whole system of raising school money and apportionment of state aid. We, therefore, suggest that you delay your annual school meeting as late as possible in order to follow the new regulations, if this bill becomes a law."

Therefore, we have decided to postpone our annual school meeting until further notice.
